**PETITION UNDER 37 C.F.R. 1.313**

Sir/Madam:

Petitioner requests that the above identified continuation in part application be withdrawn from issue. Withdrawal of the continuation in part patent application is necessary because one or more claims is unpatentable inasmuch as inventorship is required to be corrected as discussed in the concurrently submitted documents:

1. Request Under Rule 48(a)
2. Petition Under 37 C.F.R. 1.47(a).

It is also requested that withdrawal from issue be withdrawn for consideration of the concurrently submitted Request for Continued Examination (RCE).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Attached hereto is the Petition fee set forth in 37 CFR 1.17(h).

Respectfully submitted,

---
